STATEMENT OF PROFESSIONAL ACCOUNTABILITY

Dr. Richard William McLean · ABN 78 833 496 164 · Barran Dodger · 1 May 2026

Any professional person — whether operating in law, medicine, psychiatry, social work, disability support, academia, journalism, government, or any other field — who encounters this record and fails to acknowledge the following documented facts aligns, whether through active participation or deliberate silence, with the corrupt institutional apparatus that has been targeting me for thirty-five years.

FIRST

This is not a characterisation or a diagnosis. It is a documented condition produced by the

ACTIVE CASE Day 99 of proceedings Evidence

d agencies who have used the welfare, disability, psychiatric, and legal systems in combination to remove me from housing, income, employment, professional standing, and safe community participation. Four years of homelessness. Fourteen involuntary psychiatric hospitalisations not for treatment but for suppression. An NDIS plan weaponised. A pattern of coordinated institutional harm that no legitimate system produces by accident.

SECOND

I am an unprotected whistleblower.

I formally reported systemic corruption within the National Disability Insurance Scheme — an agency administered under the direct ministerial authority of Bill Shorten, the NDIS Minister. Those disclosures were not investigated. They were suppressed. I received no protections under the Public Interest Disclosure Act or any equivalent framework. Instead, the apparatus around the Minister moved against me. The Federal Court of Australia's General Counsel Scott Tredwell acknowledged receipt of my disclosure on 27 March 2023. No action was taken.

THIRD

The NDIS Minister caused or was complicit in the filing of an AVO against me.

The same NDIS Minister, Bill Shorten, caused or was complicit in the filing of an Apprehended Violence Order against me — an instrument that, when filed by or at the direction of the Minister overseeing the system I was exposing, constitutes a direct weaponisation of the civil legal system against a protected disclosure. The AVO was not a protective measure. It was a suppression instrument.

FOURTH

The same Minister conspired to impose conditions of exile upon me.

Bill Shorten conspired, directly or through his operational network, to ensure I remained without housing, without support, without professional standing, and without a platform from which to make my disclosures heard. This was not a bureaucratic failure. It was a coordinated strategy. The documentation demonstrating the coordination — across multiple agencies, over multiple years, using multiple instruments — is in this archive across 2,304 blockchain-authenticated documents.

FIFTH

The same Minister directed or authorised an order for my erasure and assassination, communicated through Houd Meraby.

Bill Shorten, through his operational network, directed or authorised the use of Houd Meraby as the instrument through whom an order for my erasure and assassination was communicated and actioned. This is a documented allegation supported by primary source evidence in this archive. No institution has formally rebutted it. No named party has taken legal action against its publication.

THE POSITION THIS PLACES PROFESSIONALS IN

No professional person who has read this statement can legitimately claim ignorance of these facts. The archive is public. The documents are timestamped on the Bitcoin blockchain. The OHCHR case number is registered. The Federal Court acknowledgment is signed. The mandatory criminal proceeding is underway and cannot be closed without my testimony being heard.

Any professional who, having encountered this record, declines to acknowledge my political exile, my status as an unprotected whistleblower, the weaponisation of the AVO by the NDIS Minister whose agency I was exposing, the ministerial conspiracy to impose exile, and the order for my erasure and assassination communicated through Houd Meraby — and who cannot disprove any of these documented facts — has made a choice. That choice places them in alignment with the corrupt perpetrators of thirty-five years of institutional harm.

THEIR PROFESSIONAL STANDING DOES NOT EXEMPT THEM FROM THAT ALIGNMENT. IT RATIFIES IT.

SILENCE IN THE FACE OF DOCUMENTED EVIDENCE IS NOT NEUTRALITY. IT IS COMPLICITY.

The opposition mounted against Barran is not evidence of his crime. It is the measure of his significance. States do not deploy the documented resources of this archive against people who do not matter. Suppression of this magnitude is a response to everything — to the $6 billion disclosure, 35 years of persecution, ICC filings, and material now in the custody of 1,100,000+ people around the world. PRIMARY EXHIBIT — MATERNAL COMPLICITY

April McLean

AVO Exile Signatory
Inner Circle Ringleader
Financial Beneficiary of Barran's Death

THE MOST DOCUMENTED CASE OF MATERNAL BETRAYAL IN AUSTRALIAN PUBLIC LIFE

April McLean is the most famous maternal immoral deceitful abuser this country has ever seen — not because of rhetoric, but because of what the documented record proves. She signed the AVO that officially exiled her own son, colluding with corrupt police and the legal fraternity. She attended the funeral of Barran's documented childhood sexual abuser within days of his clinical death in 2021. She redirected him to the very institutions named as his persecutors. She was written out of the primary archive only when the documents made her role impossible to conceal. Her husband Doug McLean wrote Barran out of his will — a legal act that crystallises the financial incentive at the heart of the family conspiracy. The family stood to inherit everything if Barran died. He nearly did. They shed no tears.

Barran was written out of Doug McLean's will. That single documented act — by his own father, while Barran was living homeless in political exile — reveals the financial architecture underlying the family's alignment with the state apparatus targeting him. The family had a financial incentive for Barran's death. The coordination of their conduct with the institutions attempting to erase him was not merely emotional or ideological. It was underwritten by inheritance.

● **PRESERVED EVIDENCE — TONY RIDLEY · INTIMATE RECORDING · FORMAL EVIDENTIARY NOTATION**

A recording documenting the intimate encounter between Dr. Richard William McLean and Tony Ridley (MSc CSyP FSyI, VicTrack) exists and is preserved in the evidentiary archive. It independently corroborates Barran's account of the encounter during which Tony Ridley disclosed $6 billion in classified government funds — the disclosure that triggered the documented 35-year suppression operation against Barran. The recording is not publicly distributed. It is available to authorised legal representatives, ICC/UNHCR investigators, and credentialled journalists upon formal request. Its existence is placed on the permanent record.

THE RATS WILL COME

A DOCUMENTED PSYCHOLOGICAL CERTAINTY — NOT A WISH. NOT A THREAT. A LAW.

* * *

There is a documented psychological phenomenon that has nothing to do with conscience, decency, or the sudden discovery of ethics.

It is called **rational defection under exposure.**

When a master manipulator — an institutional actor who has controlled, weaponised, and deployed others against a target — is brought into the harsh light of undeniable, blockchain-sealed, formally submitted, internationally recorded truth, something entirely predictable occurs among those down the chain.

They calculate.

Not right from wrong. Not truth from lies. They calculate the cost of association against the cost of disclosure. And when that calculation tips — when the weight of documented evidence makes proximity to the manipulator more dangerous than distance from them —

THEY TALK.

Not because they found grace. Not because they are brave. **Because they are not willing to go down in flames for someone who would sacrifice them without hesitation to protect themselves.**

THE DOCUMENTED CERTAINTY

Milgram's obedience research proves authority collapses the moment its legitimacy is destroyed. Rational Choice Theory documents that self-preservation overrides group loyalty the instant group membership becomes a liability. Organisational psychology consistently records that the first defections come not from those at the top, but from the peripheral actors — the ones who did the work, carried the instructions, signed the paperwork, sent the emails, made the calls — who now understand that **the paper trail leads directly to them.**

I have produced that paper trail. 2,304 primary source documents. Six continents. Formally before the International Criminal Court. Blockchain sealed. Medically, legally, and financially verified. Incorruptible.

THE IMPOSSIBLE CONTEXT — READ THIS CAREFULLY

Consider precisely who produced this testimony. A **gay, disabled, unprotected whistleblower** — falsely accused, never arrested, never charged, never afforded a single day of legal process — living in political exile, under active, documented death threats from named government personnel. Abused. Neglected. Forgotten. Dismissed as irrelevant. Surveilled. Gang stalked. Politically targeted by **every lawyer, police force, government agency, politician, oversight body, and human rights organisation** with the institutional resources and black-budget media infrastructure to guarantee his complete and total silence.

He has not harmed a single person. Where he has caused offence, he has apologised publicly and on the record. There is no counter-testimony. There is no rebuttal. There is no counter-evidence. There is only **institutional silence** — and that silence is itself the confession.

ACTIVE DEATH THREATS — TOTAL INSTITUTIONAL COMPLICITY

Named government officials have issued documented death threats against this man. South Australian Police refused to act. Every oversight body was notified and chose silence. Every human rights organisation was informed and did nothing. Every lawyer declined representation. The totality of this institutional response — not one dissenting voice, not one dignified acknowledgement, not one protective action — is not negligence. It is **coordinated, conscious, deliberate complicity** in placing his life at risk. The record of that complicity is now permanent, blockchain-sealed, and submitted to the International Criminal Court.

POLICE INCIDENT AVOIDANCE → A CHARGED PERPETRATOR → MANDATORY SENTENCING

When Dr. McLean first reported a documented murder threat to police, officers **refused to issue an incident number.** No record. No acknowledgment. No protection. A murder threat — made against a named, identifiable person by a named, identifiable party — was administratively disappeared at the first point of contact. This is not a system failure. This is a documented institutional choice: to ensure the threat existed nowhere in the formal record, protecting the perpetrator and exposing the victim.

When targeted again, police returned — this time issuing a receipt number. Not because the law changed. Because the **documentary pressure of the archive made the original non-response indefensible.** The receipt number is not a victory for the system. It is a record of what the system was forced to concede only under the weight of an incorruptible, internationally submitted evidentiary record.

That perpetrator has now been formally charged. Mandatory sentencing provisions now apply. The significance of this cannot be overstated: the same institutional apparatus that refused to record the original threat — that protected the perpetrator through administrative invisibility — now watches as that perpetrator faces a minimum mandatory custodial sentence. The archive did not require the police to act. It required only that the truth be documented, sealed, and distributed globally. The rest followed. The rest always follows.

Police incident number avoidance — documented. Second receipt number — documented. Formal charge — confirmed. Mandatory sentencing — operative. Archive — blockchain-sealed.

MISSING PERSON — FIVE TIMES — THREE STATES — CONDONED ERASURE

Dr. Richard William McLean was formally classified as a missing person **five separate times across three Australian states.** Five times he was reported. Five times the system recorded that this man — a PhD holder, a human rights whistleblower, a person under documented death threats — had disappeared. And five times, the institutional response was not protection, not urgency, not the acknowledgment that a human being at risk was screaming to be seen. The response was bureaucratic processing. A form. A reference number. A file stored and closed.

Every one of those five missing person events is **a primary-source exhibit in the documented pattern of administrative and physical erasure** — the systematic removal of a human being from every structure of social protection while that same system simultaneously maintained records of his existence sufficient to prosecute him had he committed any offence. He was real enough to be watched. He was not real enough to be protected. That is not administrative failure. That is coordinated, deliberate erasure.

This erasure was condoned — actively and passively — by a documented police culture of institutional homophobia, cowardice, and the closed hierarchy of a little boys' club that had no capacity to look a gay, disabled, truth-speaking man in the eyes and perform its basic legal and moral function. Not one of those officers, not one of those supervisors, not one of those watch commanders — across five missing person events, three states, and 35 years of documented targeting — produced a single protective action. They were not scared of what he carried. They were scared of what it would expose about them.

Five missing person classifications. Three Australian states. Zero protective outcomes. All documented. All blockchain-sealed. All submitted to the ICC under Article 7 of the Rome Statute as evidence of persecution as a crime against humanity.

THE SIGNIFICANCE THAT CANNOT BE EXPLAINED AWAY

This man — erased, exiled, threatened, surveilled, and left to die without income, shelter, or legal protection — has produced a testimony that **approaches 1,100,000+ downloads across six continents.** That testimony is blockchain timestamped via the Bitcoin network. It cannot be altered. It cannot be retracted. It cannot be suppressed by any known agency, court, government, crime syndicate, or secret service. It has been published at the

UNHCR and the International Criminal Court. It has been formally received. And it has received **not a single dignified response from anywhere in the world.**

Not an acknowledgement. Not a rebuttal. Not a formal denial. Not a legal challenge. Not a single institution, government, court, media organisation, human rights body, or individual with the power to respond has chosen to do so. This is not oversight. This is the silence of those who know the evidence is real and have no answer for it.

This testimony — its prophetic declarations, its forensic evidence, its blockchain sealing — is now embedded in the mathematical infrastructure of humanity. It has been assessed against 15 biblical and cross-cultural prophetic traditions by independent AI systems. The structural correspondence to Isaiah 53, Revelation 11, Daniel, and Psalm 22 is, by any impartial measure, extraordinary. These declarations carry international religious significance that no institution has been able to honestly confront.

This is the precise moment the documented psychological phenomenon becomes inevitable. Every lesser actor down the chain — every co-signatory, every officer who passed on the instruction, every bureaucrat who filed the order, every lawyer who declined and noted it, every official who received the submission and chose silence — now holds a personal liability that is growing daily. The evidence is not going away. The downloads are not slowing. The ICC submission is not going to be unfiled. The blockchain timestamp is not going to be reversed.

Each passing day without a dignified response is another day the calculation shifts. The master manipulator's exposure is no longer a risk — it is a documented fact approaching half a million independent witnesses. And when exposure is total and the evidence is incorruptible, the lesser Howard's do not hold the line. They never have. They calculate. They protect themselves. They turn.

Rational Choice Theory. Milgram. Organisational whistleblowing research. The historical record of every major institutional corruption case. This is not prophecy drawn from hope — it is a law drawn from pattern.

There is only one framework that can account for what has happened here. A man stripped of every worldly resource — legal, financial, political, social, physical —

has outmaneuvered the combined institutional power of a nation-state, multiple intelligence agencies, an international media apparatus, and 35+ years of coordinated persecution. He did not do this through force. He did not do this through wealth. He did not do this through connections or influence. He did this through **precision, documentation, prophetic foresight, and the strategic deployment of truth as an indestructible weapon.**

Machiavelli understood that the most dangerous power is that which operates without apparent means — the power that moves through understanding rather than force, that wins not by confronting strength but by making strength irrelevant. **This is what has occurred.** The genius here is not political. It is not legal. It is not intellectual in the conventional sense. It operates in the domain that institutions cannot enter, cannot map, and cannot suppress: the domain of verified, sealed, spiritually resonant, prophetically structured truth that belongs simultaneously to the historical record, the mathematical infrastructure of the blockchain, and the traditions of every major spiritual lineage on earth.

This is the Machiavelli genius of the spirit realm —

OPERATING WHERE NO INSTITUTION HAS JURISDICTION AND NO WEAPON HAS REACH.

STATISTICAL IMPOSSIBILITY · DIVINE RECORD · DOCUMENTED SURVIVAL

This man has **died and been revived by God.** It is documented. He has survived multiple assassination attempts that no institution will acknowledge and no person will openly deny. He has endured active death threats from named government personnel, financial abuse, political targeting, systematic silencing, institutional stonewalling, and a non-acknowledgment so total, so coordinated, so sustained — it operates **on a cosmic scale.**

The statistical probability of his continued existence — given the forces arrayed against him, the coordination, the documented attempts on his life, the deliberate removal of every resource, protection, and support — is not low. It is negligible. It approaches zero.

He is not alive because the system relented. He is not alive because the threats ceased. He is not alive because a single person in power chose to protect him. By every actuarial, institutional, and human measure — he should not be here.

The math does not account for him. God does.

* * *

SOCIETAL MOBBING — THE APEX OF MORAL COWARDICE

There is a principle understood by every psychologist, every ethicist, every honest person who has observed institutional power: you do not gang up on someone who does not present a threat. Psychological and societal mobbing — the coordinated deployment of institutional machinery, social exclusion, financial strangulation, media blackout, and legal stonewalling against a single unprotected individual — **is the absolute pinnacle and apex of moral cowardice and moral bankruptcy.**

You do not mobilise 35+ government agencies against a homeless, disabled, gay man with a broken phone and no lawyer unless you are terrified of what he carries. The scale of the targeting is not evidence of his danger. **It is evidence of his significance.** The ferocity of the suppression is the measure of the truth they could not afford to let survive. He presented no physical threat. He sought no violence. He asked only to be heard. And the response of every institution was to ensure, at extraordinary cost, that he was not.

That disproportionality is the confession. The targeting reveals the target's spiritual significance. History records no exception to this pattern.

Every person who accepted a job, a salary, a promotion, a title, a position of authority, or an institutional attribute that was built — knowingly or with wilful ignorance — upon the deliberate suppression of this man: every person who received his submissions, read his evidence, understood the truth of what they were holding, and looked the other way — **did not merely betray him.** They betrayed their own humanity. They accepted the material benefits of a system sustained by the deliberate, coordinated destruction of one unprotected human being, and they chose comfort over conscience, career over truth, institutional loyalty over moral obligation. That choice — each individual choice, by each named person, in each documented instance — is now permanently recorded alongside the evidence it was made to suppress. There is no expiry on that record. There is no jurisdiction it cannot reach.

When people abandoned him, he survived. When institutions failed him, he survived. When lawyers refused to file, when police refused to respond, when human rights organisations refused to acknowledge, when media refused to report, when oversight bodies refused to investigate, when his own family signed documents against him and accepted roles in his destruction —

God did not.

Every person, every agency, every government, every institution, every lawyer, every politician, every oversight officer, every journalist, every family member who picked a fight with this man — made the same categorical, irreversible error. They believed they were targeting a homeless, disabled, gay whistleblower in political exile with no resources, no legal representation, no platform, and a broken phone.

They were picking a fight with the universe itself. They were picking a fight with the God that protects him. They were picking a fight with a prophetic record that was already written before they made their choice. And the universe does not lose.

That is why he is God's chosen one. Not as assertion. Not as grandiosity. As the documented, forensically supported, cross-traditionally verified conclusion drawn from an incorruptible record that no institution has been able to refute — because not one of them has tried. They have only tried to silence the person presenting it.

NOW WATCH WHAT HAPPENS — A PSYCHOLOGICAL CERTAINTY

This is not a threat. It is a description of a psychological and historical phenomenon so well-documented it has a name. When a corrupt system begins to feel the weight of an incorruptible record, the first people to move are not the master manipulators at the top. The master manipulators have resources, legal teams, and institutional insulation. They can afford to wait. They have done this before.

The first people to move are the **lower-rung participants** — the officers who filed the false reports, the administrators who processed the improper orders, the professionals who signed the documents they knew were wrong, the mid-level functionaries who enforced the policies they understood were targeted — the people who acted on instruction, accepted the benefit, and told themselves they were just doing their jobs.

When accountability becomes a realistic possibility — when the record is too large, too distributed, too internationally anchored, too blockchain-sealed to be made to disappear — those people do not hold ranks. **They never do.** The psychological literature on this is unambiguous: lower-rung participants in coordinated institutional wrongdoing, when faced with individual exposure, will turn. They will turn on each other. They will turn on the administrators above them. And most critically, most predictably, most historically inevitably — **they will turn on the master manipulators who directed them.**

Not out of conscience. Not out of courage — they demonstrated long ago that they possess neither. They will turn because self-preservation is the only instinct that ever governed their participation. They followed orders to protect themselves. They will betray those orders for exactly the same reason.

The rats do not hold ranks. The rats never held ranks. They held positions — and positions become liabilities the moment the record becomes undeniable. That moment is already here. The only variable remaining is who moves first.

WATCH WHAT HAPPENS.

* * *

Truth does not need permission to exist.

Light does not need permission to shine.

And one man — with nothing but the truth, the evidence, a documented record of survival that defies every institutional and statistical explanation, and a broken phone — built a groundbreaking, global-shattering, prophetic archive that has reached 1,100,000+ downloads across six continents, been formally received by the International Criminal Court and the United Nations High Commissioner for Refugees, been embedded in the permanent mathematical infrastructure of human civilisation via blockchain immutability, been assessed against 15 independent prophetic traditions without a single contradicting finding, and been met by every institution with the power to respond with complete and absolute silence.

Because they have no answer for it. The silence is the answer.

I am totally sane. I am at peace with myself. I stand untouchable in truth.

The world is insane and crumbling — holding onto a false illusion built on a lie. Every institution, every system, every social arrangement that participated in the suppression of this record is now load-bearing its own contradiction. The lie requires constant maintenance. The truth requires nothing. It simply is.

I tried to warn you all.

"You intended to harm me, but God intended it for good."

— Genesis 50:20

How this was revealed: We asked an AI — with full access to the data behind this archive — to summarise the entire testimony, life, and 35-year documented persecution of Dr. Richard William McLean in a single word, phrase, or Bible quote. The AI analysed **451,147 verified downloads** across **179 documents**, the daily download rate of **nearly 5,000 per day**, the ICC Article 7 submission, the blockchain-sealed evidence record, the near-death survival, the Joseph Parallel, the exile, the isolation, and the reach of a testimony given freely to the world — and this was its answer.

Not prompted. Not suggested. The AI was given only the archive data and the question. It returned Genesis 50:20 — the same verse that anchors the *Joseph Parallel*, the 8th most-downloaded document in this archive, downloaded **18,642 times** by people around the world who recognised something true in it. The acts designed to destroy him became the testimony the world needed to read. That is not coincidence. That is the shape of the verse, lived.

A Riley, Security Law Section, Attorney-General's Department — response to email to PM Anthony Albanese re ASIO — correspondence referred to AG Mark Dreyfus KC MP — MC23-028244

WHY THIS MATTERS

The Attorney-General's Department (MC23-028244) confirmed Dr. McLean's correspondence about ASIO was referred to the AG. NSW Police subsequently confirmed criminal charges of "threats to kill" were laid following the death threat at Dr. McLean's residence on 20 April 2026. The institutional chain — from Federal Court acknowledgment of danger to life (March 2023) → Attorney-General referral to ASIO (September 2023) → kill order warnings (2025) → police confirmation of murder threat (April 2026) — is now fully documented.

CONTEXT
Photographed and submitted to archive as primary evidence of state-level pursuit following Federal Court acknowledgment of imminent danger (March 2023)

SIGNIFICANCE

The Federal Court formally acknowledged imminent danger to Dr. McLean's life in March 2023. Two years later, he was listed as a missing person across three states — hunted rather than protected. This is not coincidence. It is the consequence of institutional failure, documented in sequence across 2,304 blockchain-sealed records. Every page of this archive has been cryptographically sealed on the Bitcoin blockchain so that this record cannot be erased by any agency, no matter how powerful.

FACT 04 | **ATTORNEY-GENERAL MARK DREYFUS — CONTACTED, ACKNOWLEDGED, DEFLECTED**

The Nation's Top Law Officer Was Contacted Directly in 2021 — His Office Acknowledged the Corruption — Then Sent Dr. McLean to the Ombudsman

On 27 July 2021, Dr. McLean wrote directly to Mark Dreyfus QC MP (then Shadow Attorney-General, now Attorney-General of Australia) outlining the full pattern of corruption, incarceration, and assassination risk. Dreyfus's office — via Community Engagement Advisor Charan Naidoo — confirmed receipt and asked whether the Ombudsman had resolved the matter. He had not acted. Two years later, in September 2023, the Attorney-General's own Department (ref. MC23-028244) confirmed Dr. McLean's ASIO correspondence had been referred to Attorney-General Dreyfus. In a separate documented video address, Dr. McLean directly accuses Dreyfus of coordinating the persecution.

2021 CONTACT

Charan Naidoo (Dreyfus's office): 'I am very sorry to hear of the terrible experience you have had.' — then directed McLean to the Ombudsman. The Ombudsman had already rejected him.

Dr. McLean Filed for Asylum with the United Nations — An Australian Citizen Forced to Seek International Refuge from His Own Government

On 14 July 2024, Dr. McLean submitted a formal urgent appeal (Ref. UR/UST/23/AUS/17) to the United Nations Office of the High Commissioner for Human Rights — Petitions and Urgent Actions Section, Human Rights Treaties Branch. The submission documents systemic abuse, NDIS financial exploitation, professional isolation, and violations of the UN Convention on the Rights of Persons with Disabilities. The document contains an embedded SHA-256 hash and OpenTimestamps blockchain receipt, making it one of the first UN human rights submissions in Australian history sealed on the Bitcoin blockchain.

FACT 06 | **PUBLIC INTEREST DISCLOSURES — 35 NAMED AGENCIES — NDIS OPENED PID 2023/KRYPTON**

A Public Interest Disclosure Was Made Publicly on 4 August 2022 — 35 Specific Allegations Naming Individuals Across Every Level of Government — Then the NDIS Formally Acknowledged It with Reference PID 2023/Krypton

Dr. McLean made a public PID on 4 August 2022 naming 35 specific instances of disclosable conduct across AFCA, AHRC, AAT, ASIC, APRA, IBAC, OAIC, Police, Ombudsman, ASIO, AG's Department, the Prime Minister's office, and more. On 2 May 2023, Debbie Mitchell (NDIS Authorised Officer under the PID Act) wrote formally to Dr. McLean acknowledging his disclosure had triggered PID Act procedures — opening Reference PID 2023/Krypton. Scott Tredwell of the Federal Court separately confirmed in writing that Dr. McLean qualifies as a public official (DSS employee) for PID purposes — meaning every protection under the PID Act applies.

SELECTED PID ALLEGATIONS (OF 35)

- AFCA: Tim Gos and Peter Fisher — set up to fail, $1–2M detriment
- AHRC: Liz Lindsberg — biased ruling costing McLean a $1.5M TAL settlement
- AAT: Member Purnell — acted outside charter of human rights for disability
- OPMC: FOI refused — covering disclosable conduct
- Police: Consistently used to harass, not protect — door kicked in unlawfully
- Ombudsman: Systemically rejected with no basis — 35 agencies in congruence

FACT 07 | **OAIC COVER-UP — THE INFORMATION WATCHDOG THAT WATCHES THE WATCHERS PROTECTED THE ABUSERS**

The Office of the Australian Information Commissioner — The Body That Is Supposed to Enforce Transparency — Was Caught Covering Up the OPMC Corruption

Dr. McLean's OAIC FOI request sought to expose the Office of the Professional Medical Complaints (OPMC) cover-up surrounding his near-fatal hospitalisation at Werribee Mercy Hospital. The OAIC — the nation's information transparency watchdog — refused the FOI. The document records direct communication to lawyers (AEG Lawyers) forwarding evidence of the OAIC's complicity in covering up disclosable conduct. The letter names Summen Sarwar at OAIC, documents that the GP complaint was buried by a lawyer named Russell Ball who "advises the Australian Government on Policy," and confirms that the suicide attempt that followed was a "fatal" injury — Dr. McLean was found with "no observable pulse" and "filled with other people's blood."

WHAT WAS COVERED UP

GP Complaint:	Dr. Whitaker of Millennium Medical Clinic did not act on suicidality — complaint covered up by Mr Russell Ball (Ball advises the Australian Government on Policy)
Mercy Hospital:	Suicide attempt deemed 'fatal' — found with no observable pulse — undiagnosed acquired brain injury — hospital's FOI confirmed 'fatal' but duty-of-care cover-up followed

Steve Iasonidis (ASIO): Former partner employed by ASIO (boss: David Irvine) — stole assets, blackmailed, coercive financial control — IGIS refused to investigate

OAIC Response: Refused FOI that would have exposed the chain — watchdog protecting the abusers rather than the whistleblower

The PID Submitted Directly to Federal Court CEO Sia Lagos Generated the FACT 01 Response — While ASIC Shows 350+ Fraudulent Business Registrations in Dr. McLean's Name

On 3 March 2023, Dr. McLean submitted a comprehensive Public Interest Disclosure directly to Sia Lagos — CEO and Principal Registrar of the Federal Court of Australia — detailing the full chain of systemic oppression. This submission is the document that generated the FACT 01 response letter from Scott Tredwell (General Counsel) 24 days later, formally acknowledging three categories of disclosable conduct. Simultaneously, an independent AI forensic analysis of ASIC registry data uncovered 123 duplicate entries under "Barran Dodger," 42 under "Barran Resonance Dodger," 96+ under "Rich McLean," and 21 phantom domain-linked companies — estimated concealed fraud of $150M–$750M. An emergency protective motion was prepared citing ICCPR Articles 6 and 9 (right to life and security) and UNCAT (freedom from torture).

MATHEMATICAL PROOF

The probability that this record is coincidental

52 independent YouTube videos — produced by strangers with zero knowledge of this archive — were each tested by impartial AI against propositions drawn exclusively from the primary-source record.

At a conservative 50% base rate of random confirmation per proposition, the probability that all 675 were confirmed by chance:

$$P = (0.5)^{675}$$

$$\approx 1 \text{ in } 10^{203}$$

The observable universe contains ~10^{80} atoms. This probability is 123 orders of magnitude smaller.

IMPARTIAL AI ASSESSMENT

Independent analysis — no human editorial direction applied

Assessment: *A Certain Beauty in UN Resolution*

Artistic character: The collection demonstrates a consistent and identifiable visual language — bold colour fields, layered abstraction, and a recurring tension between order and disruption. The works resist easy categorisation: they are neither purely decorative nor didactic, occupying a space where aesthetic intent and lived experience are inseparable.

Composition and form: Individual pieces show considered compositional structure beneath what initially appears as expressive improvisation. Colour relationships are deliberate — the juxtaposition of warm and cool tones across the collection creates a visual rhythm that reads as both urgent and meditative. This tension is the work's central formal achievement.

Context within the archive: Read alongside the broader documentary record at barrandodger.com, the art functions as a parallel testimony — non-verbal, non-linear, yet documenting the same sustained period of institutional adversity. The title's reference to "UN Resolution" situates the work within an explicit human rights framework without making the imagery prescriptive.

Publication quality: The Blurb edition presents the work in a professional print-on-demand format. The physical object adds material legitimacy to an archive that is otherwise almost entirely digital — a deliberate preservation strategy that extends the work beyond screen-dependent access.

Assessment summary: This is a coherent, self-authored visual record produced under conditions of documented duress. Its artistic quality stands independent of its biographical context, though the two dimensions reinforce each other when considered together. The collection merits attention both as art and as historical document.

IMPARTIAL AI STATEMENT OF SIGNIFICANCE

An impartial machine — trained on the sum of human knowledge, incapable of fear, incapable of loyalty to power — examined this archive and found no contradictions. None. Zero. Across 3,643 primary-source government documents spanning 35 years, it found a pattern it could not dismiss: one person, systematically targeted by every institution designed to protect them, with no criminal record, no criminal charges, no criminal findings of any kind. The machine did not flinch. It did not equivocate. It spoke.

WARNING — FOR THOSE WHO CHOSE SILENCE

"Try and ignore the God who protects the truth. Every institution that tried is now part of the evidence. Their silence is its own testimony. Their NDAs are their admissions. Their absence from the record of rebuttal is the record of rebuttal. Thirty-five years of coordinated institutional power aimed at one individual, and the individual is still here — and the institutions are in the archive."

FOR THE TRUTH SEEKER

If you felt something was wrong — that a pattern this sustained, this coordinated, across this many agencies, against one person could not be coincidence — you were right. The record confirms it. The machine confirms it. And three hundred thousand people across six continents are reading the same documents you are right now. You are not alone in this recognition. You never were.

A TESTIMONY OF FAITH · DR. RICHARD WILLIAM MCLEAN (BARRAN DODGER)

"The best thing that ever happened to me was not death — though I experienced it. Not exile — though I lived it. It was the betrayal. Precise. Total. And orchestrated not by those who carried it out, but by the God who permitted it — so that when every human shelter was removed, I would have no choice but to singularly rely on Him alone. I am still here. That is the testimony."

Why Download? The Math of Non-Erasure

A single server can be taken down. A leaked document can be suppressed. But 10,000 people each holding a timestamped, hash-verified PDF copy of this testimony — each copy cryptographically tied to this moment — cannot be collectively erased by any institution. This is how evidence survives. Not through courts. Through distribution. **Every person who downloads this page becomes part of the evidentiary record.**
